Alta Farms is a multifamily development on a 37 acre wooded site in Antioch, Tennessee. Celebrating the surrounding farms and rolling hills of the Antioch area, the two and three story buildings are designed in contemporary farmhouse style with a clean contrasting palette of bright whites and light colored stone mixed with dark charcoal grays and black trim.

The undeveloped acreage provides a tranquil wooded setting for residents with winding trails and outdoor gathering areas scattered throughout the property. The clubhouse is nestled at the top of a hill with an infinity edge pool overlooking a wooded lake.
